

SHUT-OUT[®] Defender

featuring **ABLOY[®]** locking technology

**The High
Security Solution for
Residential Water
and Gas Utility
Revenue Control**

The **SHUT-OUT[®]** Defender is designed to protect residential Water and Gas Utility service and revenues. This patent-pending design secures these revenues by preventing the redirection of piping to bypass residential meters.

The **SHUT-OUT[®]** Defender is constructed of hardened steel with a high endurance protective finish and features a High Security **ABLOY[®] EXEC** cylinder with steel body and hardened steel, chrome plated face.

The **SHUT-OUT[®]** Defender is designed to fit snugly over most standard residential meter swivel nuts, defending against theft and delivering maximum asset security with:

- ▶ Maximum Physical Protection
- ▶ Extreme Environmental Durability
- ▶ Maximum System Flexibility
- ▶ Maximum Patented Key Control
- ▶ Maximum ROI
