

High Security OEM Locking Solutions

Brought to you by
Abloy Security, Inc.

Corporate Statement

Abloy Oy is one of the leading manufacturers of locks, locking systems and architectural hardware and the world's leading developer of products in the field of electromechanical locking technology.

ABLOY® is an ASSA ABLOY Group brand. ASSA ABLOY is the world leader in door opening solutions, dedicated to satisfying end-user needs for security, safety and convenience.

Corporate Profile

Abloy Security has been satisfying security needs for customers in Transportation, Public Utilities, U.S. Government, Casino Gaming, Vending, Parking Meters, OEM, Locker and Payphone markets.

Abloy Security provides a full range of locking product solutions designed to satisfy customers' most demanding applications.

The ABLOY® Difference

- ▶ Maximum Security
- ▶ Accountability
- ▶ Performance

Maximum Security

- ▶ Maximum resistance to physical attack
- ▶ Virtually pickproof locks by design
- ▶ Drill resistant: hardened, free spinning protection plate prevents drilling through
- ▶ Key-retaining feature prevents leaving site before re-locking
- ▶ Re-keyable in the event of key loss or theft

Accountability

- ▶ Over 360 million key codes; each used only once
- ▶ No locksmith has access to **ABLOY**[®] EXEC key blanks or key cutting machines
- ▶ Extremely difficult to copy key cuts
- ▶ Key records allow for internal audits
- ▶ Minimized loss due to theft or maintenance
- ▶ Maximizes the amount of money you take to the bank

Key Control

- ▶ **ABLOY® EXEC** keyway
- ▶ Millions of exclusive key codes
- ▶ System can be designed to operate with just one key
- ▶ Patent restricted key controls unauthorized duplication
- ▶ **ABLOY® EXEC** key extremely difficult to copy

ABLOY® EXEC Design: Rotating Disc Principle

- ▶ No springs to wear, weaken, rust or freeze
- ▶ Virtually pickproof
- ▶ Exclusive key design
- ▶ Key retaining while unlocked
- ▶ Re-keyable when keys are lost or stolen

Performance

- ▶ Unique materials and surface treatments guarantee corrosion resistance of both visible parts and internal parts
- ▶ Principle operating components are highly resistant to wear, dirt, moisture, corrosion and freezing
- ▶ Spring free construction prevents the locks from jamming
- ▶ Ease of use, with effortless key entry and rotation, minimizes wear

ABLOY® High Security Industrial Locks

- ▶ Cam Locks
- ▶ Cabinet Locks
- ▶ Electromechanical Locks
- ▶ Padlocks
- ▶ Custom-made Locks

ABLOY® Cam Locks

- ▶ Wide range of applications
- ▶ Ideally suited to the most demanding, high security applications where valuables are located either behind small doors or in enclosures
- ▶ Some applications include: vending machines, cash dispensers, gaming machines, parking meters, payphones, coin-operated laundry machines and many more

**Also
Available**

ASSA® *Desmo* Cam Locks

- ▶ Available with removable core
- ▶ Strongest key in the market, backed by a Lifetime Key Breakage Warranty
- ▶ Cam locks available with key removable in both locked and unlocked position
- ▶ Locks can function either left or right handed with 90 or 180 degree turn
- ▶ Factory controlled key blanks for maximum key duplication control

ABLOY® Cabinet Locks

- ▶ Provide original or retrofit security for various types of office furniture, lockers, cabinets, storage chests, wardrobes, sliding doors, display cases and in many other applications
- ▶ Comprehensive range includes furniture locks, push button locks, safe deposit locks and coin operated locks

ABLOY®

Electromechanical Locks

- ▶ Additional protection against theft
- ▶ Feature advanced high security solutions that offer increased security over conventional locking applications
- ▶ Combine a high security **ABLOY®** cylinder and electrical control designed to prevent unauthorized use of the key

ABLOY® Padlocks

- ▶ Strong resistance to physical attack – the hardened-boron steel shackle provides strong protection.
- ▶ Corrosion resistant – the chrome plated lock body provides superior performance as well as oversized drainage holes.
- ▶ Strong hold shackle – heel & toe locking stainless steel ball bearings dead-lock the shackle at both ends.
- ▶ Backed by a Lifetime Functional Warranty

ABLOY®

Custom-made Locks

- ▶ Where customers may have specific requirements, **ABLOY®** willingly offers its know-how and expertise in the production of custom-made products and customized locking solutions to equipment manufacturers and professional end users.
